03 HEALTH AND SOCIAL CARE · RESCUE

In care.

Qualified care worker (Italian OSS) with **over ten years** alongside the elderly, people with disabilities and people with addictions. I'm self-employed so I can give every person the time and attention they deserve. As a first responder, I bring the clarity of emergency work into everyday care.

QUALIFICATION	**OSS · 1,010 hours · 92/100**
RESCUE	**Italian Red Cross · Vicenza**
CURRENTLY AT	**Montecchio Precalcino · Legnago**

More than ten years *by people's side.*

I've been a qualified care worker (OSS) since 2015. I cover urgent shifts in care homes, travel with the people I assist and support families living with disability. Today I also work on ambulances with the Italian Red Cross and I'm a volunteer firefighter.

10+
years of experience as a care worker

92/100
care worker qualification grade

1010hours
of training for the qualification

2services
in rescue: Red Cross and Fire Corps

How I can *help.*

I work with cooperatives, care homes, rescue associations and families, with agreed weekly availability.

01 FACILITIES
Care homes and facilities
Agreed shifts in nursing homes, residential care, rehabilitation clinics, sheltered housing and day centres.

02 FAMILIES
Home care
Personal hygiene, mobility support, oral medication, accompaniment and cognitive stimulation, with regular reports to the family.

03 EMERGENCY
Ambulance and first aid
First responder shifts on basic life support ambulances, patient transport and medical cover at events.

04 TRAVEL
Trips and travel
Continuous care during holidays, trips and stays away from home, even for weeks.

05 URGENT
Urgent cover
Sudden staff absences or family emergencies: I can step in at short notice.

06 COMMUNITIES
Addiction and mental health
Experience in therapeutic communities: a non-judgemental approach and support through recovery.

Where time *really matters.*

Alongside care work I serve as a first responder, including nights and holidays. It isn't a separate job: it's the same skill set, taken where reaction time makes the difference.

ITALIAN RED CROSS — SINCE 2026

Vicenza branch

First responder on basic life support ambulances: emergencies, scheduled patient transport, event cover.

FIRE SERVICE — SINCE 2026

Volunteer firefighter

Urgent technical rescue with the Italian National Fire Corps, Verona.

ON DUTY I CAN HANDLE

- ABCDE approach to trauma patients
- CPR and early defibrillation with AED, adult and paediatric
- Measuring and monitoring vital signs
- Immobilisation, vehicle extrication and transport
- S.T.A.R.T. triage and the first phase of a major incident
- Coordination with dispatch, fire service and police
- Emotional support for patients and families

Equipment: cervical collars, spinal board, scoop stretcher, vacuum mattress, extrication device, pelvic binder. Next step: ambulance driver course.

Where I've *worked.*
