02 PHOTOGRAPHY · VIDEO · COMMUNICATION

In focus.

I've been telling the stories of people, brands and events for ten years. I come from reportage, I founded a production studio, worked in TV and led communications for a real estate group. That's why my images are made to communicate: **they have to work, not just look good.**

PHOTOGRAPHY	**Events · Reportage · Portrait · Brand**
VIDEO	**Ads · Social · Drone · TV**
STRATEGY	**Visual identity · Social · Ads**

A pretty picture *isn't enough.*

It has to say something, to the right person, on the right channel. That's why I don't just deliver files, but content with a clear place in your communication.

01 PHOTO
Events and companies
Conventions, launches, festivals, weddings, nightlife. Real moments, no forced poses, fast delivery of images ready for communication and social media.

02 VIDEO
Ads and social content
From shooting to editing and colour grading. One production delivered in 9:16, 4:5, 1:1 and 16:9, ready for every platform.

03 STRATEGY
Visual identity and direction
Guidelines, editorial plan, photo and video direction: everything speaks the brand's language.

04 REAL ESTATE
Architecture and property
Complex projects turned into clear, credible stories: building sites, spaces, lifestyle.

05 SOCIAL & ADS
Content that delivers results
Content designed for every platform and social ad campaigns, from someone who has led a company's communications from the inside, working closely with the CEO.

06 DRONE
Aerial footage
Pilot with the EU EASA A1/A3 certificate, Open category: aerial shots for property, building sites, landscapes and brand content.

10years
of visual communication

3years
running a production studio

2years
in TV as a camera operator

4formats
for every video: 9:16, 4:5, 1:1, 16:9

Every step, *a new way to tell stories.*

2025 — 2026

Head of Communications and Visual Strategy

Arked Partners · Verona

I led communications and visual strategy for a real estate group working in development, construction and investment: visual identity, social media, content production, photo and video direction for architecture, real estate and lifestyle. Working closely with the CEO.

2023 — 2025

Camera operator

Videomedia S.p.A. · Vicenza

TV productions in the studio and on location: news, field reports and documentary formats.

2022 — 2026

Content coordinator

Festival della Missione

Visual content for the digital channels of a national non-profit event on cultural dialogue and international cooperation, from Thailand to the Amazon.

2021 — 2023

Founder & Director

Magistral Studios · Lonigo

I founded and ran an independent production studio: video, photography and visual storytelling for brands, events and artists. Clients, deadlines and creative decisions, from concept to delivery.

2017 — now

Photographer and videomaker

Freelance · now self-employed

Reportage and documentary storytelling for brands, cultural projects, events and independent productions. This is where I built my method.

A reporter's *mindset.*

01

Observe

Before shooting, I look. I understand the context, the people, the rhythm of what's happening.

02

Earn trust

Discreet, never in the way. When people trust you, they stop posing.

03

Let the stories speak

No staging: the best stories emerge on their own. My job is to be there.
